

April 29, 2003

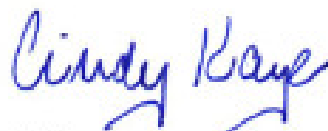

To Whom This May Concern:

As an employee of Ontario Power Generation and Manager of Advertising, I have had the pleasure of working with Shibu Thomas during his co-op term at Pickering Nuclear. Shibu was a key individual in the Public Affairs department at Pickering. He was instrumental in the internal and external communications for the 2003 OPG Breath of Hope Relay – a major fundraising event sponsored by OPG that I was responsible for.

In addition, Shibu developed two very inventive awareness campaigns that included posters and copy at Pickering Nuclear, that were targeted at an internal audience of 6,000 employees. And during the time that Shibu managed the Intranet site at Pickering, which averages 11,000 hits per day, he consistently created interesting headlines with which to draw readers into stories.

Having the opportunity to work closely with Shibu on the Breath of Hope relay and these other initiatives, he demonstrated a mature and responsible attitude to myself, and other co-workers. His strong, creative writing and copy writing capabilities, organizational skills and his high level of professionalism were all contributing factors in the success of the fundraising initiative and internal communications at Pickering. With his skills, personality and work related experience I feel that Shibu Thomas would be a valuable asset to your company. If you have any additional questions please feel free to contact me.

Sincerely,

Cindy Kaye
Advertising Manager
Ontario Power Generation
